RGBW.

Vode's innovation in every hue,
colored by you.

SPACE + COLOR + LIGHT = **YOUR MASTERPIECE**

Contents.

The art of light, **colored by you.**

Introduction.

THE ART OF LIGHT, COLORED BY YOU.

At Vode, we believe in the power of color to shape environments, and with our RGBW technology, we're giving architects and designers the ultimate tool to harness that power.

RGBW delivers millions of hues as well as high quality white light in 90 CRI. You get both vibrant colors and high color rendering white light in one solution.
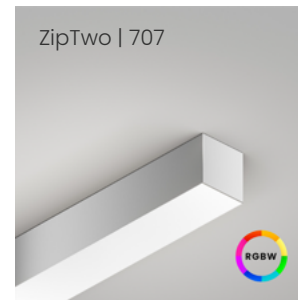

And the best part? It's all wrapped up within a sustainably geared, high-performance lighting solution with our signature minimal form factor.

With RGBW extending to our ZipOne, ZipTwo, and Nexa offerings, creating immersive experiences and enhancing occupant comfort just became as vibrant as it is integral to consciously lighting up our world!

Applications.

SPACE + COLOR + LIGHT = YOUR MASTERPIECE
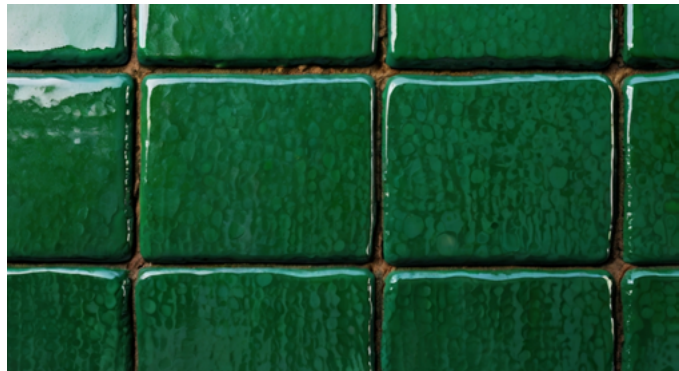

**Moodboard envy?**

It's a thing of the past, as you can now bring your ultimate inspiration to life with RGBW by Vode.

Whether you're attempting bold hues or pastel pops, with space as your canvas and light as your medium- color becomes your masterpiece.
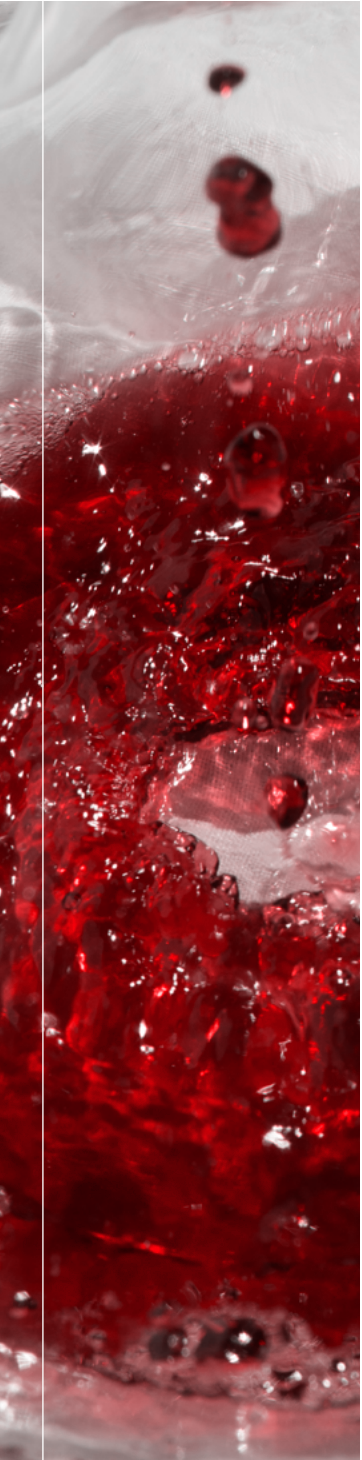

With a flawless colored surface with no visible dots or shadows, turning your vision into reality is now as easy as scroll, select, and shine!
